1. NATURE AND CONTINUANCE OF OPERATIONS

International Gold Mining Limited (the "Company") is in the business of the exploration and development of its mineral properties. The Company was incorporated in Victoria, Australia on February 21, 1996 and currently resides in Brisbane, Australia.

These financial statements have been prepared on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The continuing operations of the Company are dependent upon its ability to continue to raise adequate financing and to commence profitable operations in the future.

There can be no assurance that the Company will be able to continue to raise funds in which case the Company may be unable to meet its obligations. Should the Company be unable to realize its liabilities in the normal course of business, the net realizable value of its assets may be materially less than the amounts recorded on the balance sheet.

	SEPTEMBER 30, 2007	JUNE 30, 2007
Deficit	\$(12,390,379)	\$(12,090,508)
Working capital	\$494,448	\$2,118,319

2. SIGNIFICANT ACCOUNTING POLICIES

The interim period financial statements have been prepared by the Company in accordance with Canadian generally accepted accounting principles. All financial summaries included are presented on a comparative and consistent basis showing the figures for the corresponding period in the preceding year. The preparation of financial data is based on accounting principles and practices consistent with those used in the preparation of annual financial statements. Certain information and footnote disclosure normally included in financial statements prepared in accordance with generally accepted accounting principles has been condensed or omitted. These interim period statements should be read together with the audited financial statements and the accompanying notes included in the Company's latest annual report. In the opinion of the Company, its unaudited interim financial statements contain all adjustments necessary in order to present a fair statement of the results of the interim periods presented.

Comparative figures

The company was listed on the TSX-V on June 1, 2007. This is the first quarterly financial statements prepared and comparative figures for the prior year are not provided.

3. CAPITAL STOCK (cont'd...)

Stock options

The Company, in accordance with the policies of the TSX Venture Exchange, is authorized to grant options to directors, employees and consultants, to acquire up to 10% of issued and outstanding common stock. The exercise price of each option equals the market price of the Company's stock as calculated on the date of grant. The options can be granted for a maximum term of 5 years. Options granted to employees, directors and officers vest fully four months after the grant date. Options issued to consultants must vest in stages over 12 months with one quarter of the options vesting in any three month period.

The fair value of all share purchase options are expensed over their vesting period and estimated term, with a corresponding increase in contributed surplus.

Upon exercise of share purchase options, the consideration paid by the option holder, together with the amounts previously recognized in contributed surplus, is recorded as an increase to share capital.

Stock option transactions and the number of stock options outstanding are summarized as follows:

	September 30, 2007	
	Number of Options	Weighted Average Exercise Price
Outstanding, beginning and end of period	4,062,500	0.20

	<u>\$ 226,855</u>	<u>\$ 917,602</u>

5. SEGMENTED INFORMATION

The Company's one reportable operating segment is the exploration and development of mineral properties in Australia. All of the Company's mineral properties and plant and equipment are located in Australia.

6. FINANCIAL INSTRUMENTS

The Company's financial instruments consist of cash, restricted cash, receivables, available-for-sale marketable securities, accounts payable and accrued liabilities and loans payable. The fair value of these instruments approximates their carrying value, unless otherwise noted.

Currency

The Company is exposed to financial risk arising from fluctuations in foreign exchange rates and the degree of volatility of those rates. The Company does not use derivative instruments to reduce its foreign currency risk.

Interest rate risk

The Company's exposures to interest rate risk arise predominantly from assets and liabilities bearing variable interest rates as the Company intends to hold fixed rate assets and liabilities to maturity.

Credit risk

The credit risk in respect to financial assets of the Company which have been recognized in the balance sheet is generally the carrying amount, net of any provision for diminution in value.

7. COMMITMENTS AND CONTINGENCIES

The Company has entered into operating lease agreements for premises. The annual lease commitments under these leases are as follows:

2008	\$	30,900
2009		42,460
2010		43,783
2011		<u>45,172</u>
	\$	<u>162,315</u>

In order to maintain current rights to tenure to exploration tenements, the Company is required to perform minimum expenditure requirements specified by various governments. The expenditure obligations are subject to renegotiation when application for a mining lease and/or renewal of exploration permits is made. The annual commitments under these expenditure obligations are as follows:

2008	\$	101,625
2009		218,767
2010		68,766
2011		<u>68,767</u>
	\$	<u>457,925</u>

On July 31, 2006 the Company filed a claim against Tarong Energy in the Federal Court of Australia for the loss of the opportunity to operate a coal mine. The Company lost the claim for a judgment of \$175,000 of legal fees (which is included in professional fees in fiscal 2007). As of September 30, 2007 \$109,200 remains in a trust account restricted for these legal costs.
