**360 SQ KM OF IRON ORE TENEMENTS GRANTED**

**VANCOUVER, BRITISH COLUMBIA – (Marketwire – June 13, 2011), Central Iron Ore Ltd. (CIO – TSX.V)** (the “Company”) is pleased to announce that four of its applications for exploration licences that are prospective for the occurrence of Iron Ore in Western Australia have now been successfully granted. It is expected that the remaining tenements will be granted over the coming months.

The company now has a total of 10 tenements covering 652km<sup>2</sup> (refer table below) that are located within the Yilgarn Iron Ore Province (“YIOP”). The YIOP is considered highly prospective, given its history of large-scale iron ore production, with the Cliffs Natural Resources-owned Koolyanobbing operation (also formerly operated by Portman Limited) currently producing at a rate of about 8Mtpa of Direct Shipping Ore (“DSO”). The YIOP is increasingly being recognised as an attractive location for the development of Iron Ore, given its proximity to rail and access to ports.

**Yilgarn Iron Ore Project Area**

<b>Iron Ore Hub</b>	<b>Tenement</b>	<b>Status</b>	<b>Area (km<sup>2</sup>)</b>
Perinvale North	E57/818	Granted	120
Perinvale South	E30/414	Granted	93
Perinvale South	E30/415	Granted	93
Perinvale South	P30/1084	Granted	1
Diemals	E77/1749	Granted	111
Diemals	E77/1757	Granted	114
Diemals	E77/1758	Granted	39
Diemals	E77/1840	Application	27
Windarling	E77/1820	Application	12
Windarling	E77/1737	Granted	42

The company believes its greater YIOP tenement package provides a significant platform for the exploration for Iron Ore and will provide a significant, new future phase of growth for the company.

The initial strategy and objective of the company is to evaluate the occurrence of both magnetite ore and direct shipping ore within the above tenements to gain an initial understanding of their respective resource potential.

Work is currently underway in this regard and it is expected that future announcements regarding both the project status and their resource potential will follow as appropriate preliminary assessment work is now in progress.

Mr Brett Hodgins, President and CEO, said “These new grants are the foundation for CIO’s strategy to commence exploration on our Yilgarn Iron ore tenement package. This combined with our recent funding reinforces CIO strategy to focus on future exploration programs to identify sufficient DSO resources to support a start up project.”

#### **QUALIFIED PERSON**

Mr. Andrew Spinks B.App.Sc, Grad.Dip (Mining), a member of AusIMM, and a consultant geologist, is a Qualified Person as defined in National Instrument 43-101 - Standards of Disclosure for Mineral Projects ("NI 43-101").

On behalf of the Board of Directors  
CENTRAL IRON ORE LTD.

*“Brett Hodgins”*
