MANAGEMENT INFORMATION CIRCULAR
INTERNATIONAL GOLD MINING LIMITED
ABN 32 072 871 133

This Management Information Circular (“Management Information Circular”) is furnished in connection with the solicitation of proxies by the management of International Gold Mining Limited (“IGL” or “Company”) for use at the Annual General Meeting of the Company (“Meeting”) to be held on Wednesday, 21 November 2007 in Brisbane, Australia at 10:00 a.m. (Tuesday, 20 November 2007 at 4:00 p.m. Vancouver, Canada time) and at any adjournments thereof. Any solicitation will be conducted by mail and may be supplemented by telephone or other personal contact to be made without special compensation by officers and employees of the Company. The cost of solicitation will be borne by the Company.

APPOINTMENT OF PROXYHOLDER

The Company prefers the appointment of one of its officers or Directors as a proxy holder (“Management Proxyholder”). A duly completed form of proxy will constitute the person(s) named in the enclosed form of proxy as the shareholder's proxyholder. Any persons whose names are printed in the enclosed form of proxy for the Meeting are Management Proxyholders.

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Ordinary (common) shares of the Company represented by properly executed proxies in the accompanying form will be voted or withheld from voting on each respective matter in accordance with the instructions of the shareholder on any ballot that may be called for.

If no choice is specified and one of the Management Proxyholders is appointed by a shareholder as proxyholder, such person will vote in favour of the matters proposed at the Meeting and for all other matters proposed by management at the Meeting.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are ‘non-registered’ shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSP's, RRIF's, RESP's and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (“Nominee”). If you purchased your shares through a broker, you are likely an unregistered holder.

In accordance with Canadian securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Explanatory Memorandum and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

In addition, Canadian securities legislation now permits the Company to forward meeting materials directly to 'non objecting beneficial owners'. If the Company or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Nominee holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions.

REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing, including a proxy bearing a later date, executed by the registered shareholder or by his attorney authorized in writing or, if the registered shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. Only registered shareholders have the right to revoke a proxy. Non-registered holders who wish to change their vote must, at least seven (7) days before the Meeting, arrange for their respective intermediaries to revoke the proxy on their behalf.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Company is authorized to issue an unlimited number of ordinary (common) shares without par value of which 85,953,910 shares were issued and outstanding on 30 June 2007. The holders of ordinary (common) shares are entitled to one vote for each common share held. Holders of common shares on the record at the close of business on 25 October 2007 will be entitled to receive notice of and vote at the Meeting.

To the knowledge of the Directors and executive officers of the Company, no person beneficially owns, directly or indirectly, or exercises control or direction over shares carrying more than 10% of the voting rights attached to all shares of the Company except the following:

<u>Name</u>	<u>No. of Common Shares Owned or Controlled</u>	<u>Percentage of Outstanding Common Shares</u>

PARTICULARS OF MATTERS TO BE ACTED UPON

The following items of business are on the agenda for the 2007 Annual General Meeting of the Company.

Note that any reference to 'TSX-V' in the Notice of Meeting or this Explanatory Memorandum means TSX Venture Exchange, Toronto, Canada.

1. FINANCIAL STATEMENTS & MANAGEMENT DISCUSSION ANALYSIS

The Australian *Corporations Act 2001* requires that the report of the Directors, the Auditor's report and the financial report of the Company and its controlled entities for the year ended 30 June 2007 be laid before the Annual General Meeting. Neither the *Corporations Act 2001* nor the Company's Constitution requires a vote of shareholders at the Annual General Meeting on such reports or statements. However, shareholders will be given ample opportunity to raise questions with respect to these reports and statements at the meeting.

Following consideration of reports the Chairman will give shareholders a reasonable opportunity to ask questions about or comment on the management and audit of the Company.

4. APPOINTMENT OF AUDITORS

Davidson & Company LLP, of Vancouver, British Columbia, Canada are the auditors of the Company in Canada as required under TSX-V and must be re-appointed every year at the Annual General Meeting. Unless otherwise instructed, the proxies given pursuant to this solicitation will be voted for the re-appointment of Davidson & Company LLP, Chartered Accountants as the auditors of the Company to hold office for the ensuing year at a remuneration to be fixed by the Directors.

Under Australian law the Company's new corporate auditors, Williams & Co. of Melbourne, Victoria, Australia, do not require re-appointment every year.

5. CHANGE OF AUDITORS (AUSTRALIA)

In Australia, the Company's proposed new corporate auditors, Williams & Co. of Melbourne are a smaller audit firm, and is a more appropriate provider for audit service for the size of the Company.

Shareholder approval is sought for the change of Australian auditors to appoint Williams and Partners SKI Chartered Accountant and Business Advisors as the Australian auditors of the Company and to hold office for the ensuing year at a remuneration to be fixed by the Directors.

'That subject to PricewaterhouseCoopers receiving the consent of the Australian Securities and Investments Commission to their resignation as auditors of the Company and the Company having received written consent to Williams and Partners SKI Chartered Accountant and Business Advisors to act as auditors of the Company, and a recommendation in writing for Williams and Partners SKI to be appointed to act as auditor for the Company, Williams and Partners SKI be appointed to act as auditor for the Company'.

6. APPROVAL TO ADOPT NEW STOCK OPTION PLAN

The Board of Directors of the Company adopted a new stock option plan (the "Stock Option Plan") effective December 15, 2006, subject to acceptance by TSX-V and the shareholders of the Company.

TSX-V regulations require that the Stock Option Plan, which is a 'rolling' plan, be ratified annually by shareholders if the Company wishes to continue granting options under the plan.

The purpose of the Stock Option Plan is to allow the Company to grant options to Directors, officers, employees and consultants, as additional compensation, and as an opportunity to participate in the success of the Company. The granting of such options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to 5 years as determined by the Board of Directors of the Company and are required to have an exercise price no less than the closing market price of the Company's shares prevailing on the day that the option is granted less a discount of up to 25%, the amount of the discount varying with market price in accordance with the policies of the TSX-V. Pursuant to the Stock Option Plan, the Board of Directors may from time to time authorize the issue of options to Directors, officers, employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries. The maximum number of ordinary (common) shares which may be issued pursuant to options previously granted and those granted under the Stock Option Plan will be a maximum of 10% of the issued and outstanding ordinary shares at the time of the grant. In addition, the number of shares which may be reserved for issuance to any one individual may not exceed 5% of the issued shares on a yearly basis or 2% if the optionee is engaged in investor relations activities or is a consultant. The Stock Option Plan contains no vesting requirements, but permits the Board of Directors to specify a vesting schedule in its discretion.

Should the Board decide at any future date to grant further options to Directors in terms of the Stock Option Plan those Directors may receive, or have the opportunity to receive, a 'related party benefit' as defined in the Australian *Corporations Act 2001* (and in that case any such options must be granted within 15 months of the date of the shareholder approval). However, any options so granted to Directors may not in fact be a benefit and could be considered, in all the circumstances, reasonable remuneration thereby not falling within the relevant provisions of the *Corporations Act 2001*. Moreover, the Board is of the opinion that if shareholders have approved the plan knowing that Directors may participate and be given the opportunity to acquire shares at a discount to the then current market price, then any financial benefit derived has itself been sanctioned by shareholders.

The Stock Option Plan provides that if a change of control, as defined therein, occurs, all shares subject to option shall immediately become vested and may thereupon be exercised in whole or in part by the option holder.

Therefore, shareholders will be asked to pass a resolution in the following form:

“Upon motion it was resolved that the Company approve and ratify, subject to regulatory approval the adoption of a 10% “rolling” Stock Option Plan pursuant to which the Directors may, from time to time, authorize the issuance of options to Directors, Officers, employees and consultants of the Company to a maximum of 10% of the issued and outstanding common (ordinary) shares at the time of the grant, with a maximum of 5% of the Company’s issued and outstanding shares being reserved to any one person on a yearly basis.”

The full text of the Stock Option Plan will be available for review at the Meeting.

Unless such authority is withheld, the persons named in the enclosed Proxy intend to vote for the approval and ratification of the Plan.

Voting Exclusion Statement:

In accordance with the Corporations Act, the Company will disregard any votes cast on Resolution 6 by any person who might participate in the Stock Option Plan and any associate of those persons. However, the Company will not disregard a vote if it is cast by a person as proxy for a person who is entitled to vote, in accordance with the directions on the proxy form, or it is cast by the person chairing the meeting as proxy for a person who is entitled to vote, in accordance with a direction on the proxy form to vote as the proxy decides.

CORPORATE GOVERNANCE

A summary of the responsibilities and activities and the membership of each of the Committees is set out below.

National Instrument 58-201 ("NI 58-201") establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Independence of Members of Board

The Company's Board consists of 3 directors, 1 of whom is independent based upon the tests for independence set forth in Multilateral Instrument 52-110. Mr Phillips is not independent as he is the President and CEO of the Company, Mr Nicholas Revell is not independent as he is an employee of the Company.

Management Supervision by Board

The CEO and CFO report upon the operations of the Company separately to the independent directors of the Board at such times throughout the year as is considered necessary or advisable by the independent directors. Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having independent Board members. The independent directors are encouraged to meet at any time they consider necessary without any members of management including the non-independent directors being present. The Company's auditors, legal counsel and employees may be invited to attend. The independent directors exercise their responsibilities for independent oversight of management through their majority control of the Board.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mining industry are consulted for possible candidates.

Compensation of Directors, the CEO and CFO

The sole independent Director is Mr Bruce Burrell responsible for determining compensation for the directors and senior management. The Board notes that TSX-V, per s.16.6 of Policy 3.1, requires approval by independent directors of all compensation of directors and senior officers.

To determine compensation payable, the independent director shall review compensation paid for directors, CEOs and CFOs of companies of similar size and stage of development in the mineral exploration/mining industry and determine an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation the independent director shall annually review the performances of the CEO and CFO in light of the Company's objectives and consider other factors that may have impacted the success of the Company in achieving its objectives.

Board Committees

The Company only has an Audit Committee at this time. As the directors are actively involved in the operations of the Company and the size of the Company's operations does not warrant a larger board of directors, the Board has determined that additional committees are not necessary at this stage of the Company's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual directors and each of its committees. To assist in its review, the Board conducts informal surveys of its directors on their assessment of the functioning of the Board and reports from each committee respecting its own effectiveness.
